NEVER TOO OLD FOR
G. A. R. ANNUAL MEET

Steps May Falter but Hearts
Burn Warm With
Patriotism.

(By Associated Press.)
Saratoga, N. Y., Sept. 9.—Veterans and other visitors by the thousands are here to attend the forty-first annual encampment of the Grand Army of the Republic, which is to continue through the week. Despite the fact that the soldiers are so rapidly lessening in numbers, the encampment promises to be largely attended and one of the most successful ever held. The old soldiers received enthusiastic welcome from their local comrades and the reception committees on passing through the depot gates and all are loud in their praise of the ample preparations made for their entertainment.

Various state headquarters were opened today in the hotels and numerous reunions and receptions were held.

The social events planned for the visitors are many and elaborate. The political aspect of the encampment has been enhanced by the arrival of several candidates for commander-in-chief.

Saratoga, N. Y., Sept. 9.—The forty-first annual encampment of the Grand Army of the Republic, with the annual meetings of the several affiliated bodies will open here Monday, and is expected to be one of the largest in recent years.

The arrangements for the week were completed today. The village is extensively and handsomely decorated for the occasion, and the hotels, railroad stations and other buildings bear electrical illuminations of unusual brilliancy. Commander-in-chief R. B. Brown of Ohio, accompanied by the members of his staff opened headquarters at the United States hotel today.

In connection with the meetings of the Grand Army, the National Woman's Relief Corps, the National Ladies Aid Society, the National Ladies of the Grand Army of the Republic, the National Daughters of Veterans, the National Army Nurses Association, the National Association of Naval Veterans, and the National Association of ex-Prisoners of War.

The meetings and reunions of these various organizations will continue through the entire week. The feature of the week will be the parade of the veterans on Wednesday, when it is expected from twenty to thirty thousand men will be in line. The line of march will be one and one-quarter miles in length, with a slight down grade the entire distance. Great crowds will overreach nearly the entire distance of the parade.

Tuesday will be devoted to welcoming of chiefs and Grand Army of the Republic. Governor Hughes and other notables will take part in the social entertainment. Wednesday evening there will be an illustrated "muster" in convention hall. The business sessions will be held Thursday.

On Thursday evening the mammoth camp fire of the Grand Army will be held in convention hall, with brief speeches by representatives of all the state departments. A number of prominent speakers also will be heard.

Refuse Substitutes

Popularity's Disadvantage

In the case of a medicine, the great disadvantage of popularity is the flood of substitutes and imitations, which trade-pirates soon set out to foist upon the dealers and public.

Just as U. S. money is imitated by money-counterfeiters, so do trade-counterfeiters endeavor to imitate Thedford's Black-Draught.

Many folks imagine they are using the genuine medicine, and cannot understand why it does not seem to help them, when they are really taking an imitation of this popular medicine, handed them possibly by an innocent dealer.

If it is important enough for you, when you are buying at the

Thedford's BLACK-DRAUGHT

GA 17

store, to see that you get good meat instead of bad, fresh butter instead of rancid, well-fitting clothes instead of misfits, it is surely worth your while, when you buy a medicine, to cure disease, that you insist on getting the genuine Thedford's, instead of a spurious substitute, which is attempting to trade upon its 70 years of successful growth and popularity.

It's simple enough.

Just look for the name, THEDFORD'S.

If it isn't there, refuse what's offered, and deal with another store, or send money direct to the Chattanooga Medicine Company, sole manufacturers of Thedford's Black-Draught, Chattanooga, Tenn., who will gladly send you a fresh supply, direct from the laboratories, where it is made. fect and elaborate character that the visitors were much under tow of white-capped guides and escorted to the quarters provided for them. These guides have been stationed at the railway depot and every arrival is assured of the proper attention. A large force of additional help, made up of experienced baggage-men brought from New York, Boston and other Eastern cities, has been installed at the depot baggage room to handle the great quantity of baggage of the encampment guests. Many out of town detectives are also here to give attention to the light fingered gentry and other undesirable visitors always attracted to large national gatherings of this kind.

Occasional headache, belching, bad taste in the mouth, lack of appetite and slight nervousness are symptoms of indigestion which, when allowed to go uncorrected, will develop into a case of dyspepsia that will take a long time to get rid of. Don't neglect your stomach. At the first indication of trouble take something that will help it along in its work of digesting the food you eat. Kodol For Indigestion and Dyspepsia will do this. Kodol will make your food do you good and will enable you to enjoy what you eat. Sold by C. R. Renfro.

CALL IN \$10,000 BILLS

Theft of Fourteen From Chicago Sub-treasury to Bring Order as a Protection Move.

Washington, Sept. 9.—All \$10,000 bills are to be called in. This action has been decided upon owing to the fact that fourteen of the said \$10,000 bills were among those which vanished in Chicago last winter when the sum of \$73,000 disappeared as if by magic from the sub-treasury. Chase, H. Treat, treasurer of the United States, made known these facts in an address at the University Club.

Mr. Treat talked on "Glimpses into the United States Treasury." He said that no trace of the fortune stolen in Chicago had ever been found. In addition to the fourteen \$10,000 bills which disappeared, there were also \$5,000 bills in the stolen packages. These \$5,000 bills are easy to locate. He recently made a lot of \$10,000 bills and just because a word was misspelled they were all destroyed.

GANS THE FAVORITE IN TODAY'S FIGHT

(By Associated Press.)
San Francisco, Cal., Sept. 9.—In prime condition and ready for his battle, with the lightweight championship title at stake, Joe Gans and James Edward Britz, await the call to the open-air ring at Recreation park this afternoon. The sale of seats has been large, but the betting of the result has not been heavy. With a

remembrance of the previous meeting between Gans and Britz, which was later acknowledged by the parties concerned to have been a fixed fight. Gans sporting fraternity evinces no great desire to risk money on the present event. In what betting that is being done Gans' rules slight favorite.

The fight will be held in the open-air hall park, and it is estimated that between 10,000 and 20,000 spectators will see the contest. Though the attendance at the stage-side will probably tax the capacity of the big amphitheater, the gross receipts will not come up to the total of some of the previous events pulled off here for the reason that the prices have not been put so high. The price of tickets ranges from \$1.00 for ring-side seats down to \$1 for general admission and a bird's eye view of the contest.

Chamberlain's Cough Remedy One of the Best on the Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most widely used remedies in the world. STATE FAIR OPENS AT HURON.

(By Associated Press.)
Huron, S. D., Sept. 9.—The annual exhibition of the South Dakota State Fair association opened here today with a busy week in prospect. The exhibits of horses, cattle, sheep, swine, poultry and agricultural products are the best ever seen here, and everything points to a most successful fair. The exhibit of machinery is very large and includes all kinds of modern iron plowing implements and labor saving devices. The immense horse barn, sheep barn, agricultural hall and women's hall, all of which have been erected during the past year, were highly praised by the visitors at the opening today. The race program will continue three days. There is a larger number of entries in all the races than have ever been seen at any fair ever held in South Dakota.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. GREAT COUNCIL OF RED MEN.

(By Associated Press.)
Norfolk, Va., Sept. 9.—The Great Council of Red Men of the United States met in Armory hall in this city today and will remain in session until the end of the week. At the opening there were nearly four hundred

delegates in attendance, representing nearly every state and territory of the Union. It is reported that President Roosevelt may come to Norfolk later in the week to receive the final degree in the order, in which case the initiation will be conducted by the crack team of Muncie, Ind.

ILLINOIS MAYORS IN SESSION.

(By Associated Press.)
Bloomington, Ill., Sept. 9.—The annual meeting of the State Mayors' association began here today with an attendance of the executives of many of the leading cities of Illinois. The association will be in session three days, during which time city parks, lighting, street improvements, municipal accounting and a number of other subjects relating to the betterment of municipal conditions and the management of city affairs will be discussed. Governor Deneen has been invited to address the mayors on the subject of deep waterways.

Lame Back.
This is an ailment for which Chamberlain's Pain Balm has given especially valuable relief. In almost every instance it affords prompt and permanent relief. CANADIAN'S COMPLEXION.

Special to Daily Leader.
El Reno, Okla., Sept. 9.—Various reports have come out concerning the political complexion of Canadian county. Candidates for office who have traveled from one end of the county to the other say: No man on top of God's green earth can tell anything about how the election will go. It is all guess work on the part of a certain class of fellows who talk before every election and claim to know the number of votes each candidate is going to get, when in fact, they do not know how they themselves are going to vote, let alone how any body else is going to vote.

An Ounce of Prevention
Is worth a pound of cure. There are many poor sufferers, consumptives who are hopeless of getting well, who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. E. J. Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffered with coughs. Sold by C. R. Renfro."

INDIANA STATE FAIR HAS AUSPICIOUS OPENING

(By Associated Press.)
Indianapolis, Ind., Sept. 9.—The Indiana state fair opened today with an exceptionally large crowd for the first day. The event of the day was the dedication of the new live stock pavilion, erected at a cost of \$100,000 and said to be the finest structure of its kind in America.

The exhibits in all departments this year are of the finest. Horses and live stock are well represented, while the corn show affords striking evidence of what Indiana raises in this line. Manufactures and machinery also are much in evidence, while the entertainment features are up to the mark.

The speed program includes a program arranged for the state fair in previous years. There are more races, with better purses, than there have been in some time, and the arrangement of the program is excellent.

There are nineteen races in all, carrying a purse value of \$12,000. The races begin today and will continue through Friday, giving an average of four events a day, until the last day, when three races will turn the card.

CROKER BECOMES AN ALIEN

FORMER TAMMANY
CHIEF REMAINS TOO
LONG ABROAD

BARRED FROM UNCLE SAM'S PROTECTION

Law Framed to Put Curb on
Trouble Breeding Foreign-
ers Claiming Citizenship.

New York, Sept. 9.—Officially, the former Tammany leader, Richard Croker, is once again an alien, a subject of Great Britain, and not entitled to protection by this government. He has become extrajuridical through the passage of a law through congress at the last session whereby foreign born citizens are to be regarded as aliens after they have been in the country of their former domicile two years or in another foreign country five years.

But while Mr. Croker can no longer be numbered among the "distinguished American citizens residing abroad" in a strict sense he could very easily retain the honors he has lost. Under the new law the United States government puts itself in the position of the Missouri, and metaphorically says to Mr. Croker: "Show me."

And it is up to the former Tammany chief to submit proofs to the United States though he may have resided in some other country for years; that he has not attempted to become a citizen of any other land and that, in fact, he has always behaved as a patriotic American citizen should.

The law which made Mr. Croker an alien was framed at the behest of the state department to prevent foreigners coming into this country and being naturalized for the sole purpose of returning to their own land and making trouble by defying the local authorities on the ground of their American citizenship. It was passed last March and is known as chapter 254.

Frederick R. Goodhart of Goodhart Brothers, the international lawyers, said today regarding it: "This law was some time very thoroughly by men conversant with such things before it was passed and while I do not care to put myself on record, I have very little doubt that it is constitutional."

The old Tammany leader was born in Ireland and came to New York when a small boy. He became naturalized as soon as he reached the voting age. He has lived abroad for the last six years, the first three of which he spent in England, afterward buying a fine country place in Ireland.

Among the "distinguished" Missourians to be affected by the new law is Ellis Van Wert of St. Louis, who has resided abroad since the last inquiry conducted by Governor Felt, then circuit attorney, in 1902 and 1903.

TOBACCO TRADE CONVENTION.

(By Associated Press.)
New York, Sept. 9.—In conjunction with its tobacco trade exhibition in Madison Square Garden, a two days convention was begun today by the independent manufacturers and dealers of the country.
